Tiger Grip Technology
Outsoles with Tiger Grip technology are renowned for their slip resistance, ability to withstand wear and tear and excellent traction on different surfaces, even wet and uneven ones. They are crafted with an exclusive rubber compound and engineered with specific patterns and grooves to enhance grip and stability.

Waterproof (WR)
Waterproof footwear prevents liquids to enter into the shoe.

Breathable upper
Increased moisture and temperature management for extended wearer comfort.

Removable insole
Renew your insole at a regular base or use your own orthopedic insoles for a higher comfort.

Heel energy absorption
Heel energy absorption reduces the impact of jumps or running on the body of the wearer.

Environments:
Uneven surfaces, Wet environment

Maintenance instructions:
To extend the life of your shoes, we recommend to clean them regularly and to protect them with adequate products. Do not dry your shoes on a radiator, nor nearby a heat source.
