NAV

3D mesh
Three-dimensional produced distance mesh to provide increased moisture and temperature management.

Breathable upper
Increased moisture and temperature management for extended wearer comfort.

Breathable, perforated upper
Increased moisture and temperature management for extended wearer comfort in dry working environments.

Heel energy absorption
Heel energy absorption reduces the impact of jumps or running on the body of the wearer.

Non-marking outsole
Non-marking outsoles do not leave color marks on the ground.

Removable insole
Renew your insole at a regular base or use your own orthopedic insoles for a higher comfort.

Environments:

Dry environment, Uneven surfaces, Wet environment

Maintenance instructions:

To extend the life of your shoes, we recommend to clean them regularly and to protect them with adequate products. Do not dry your shoes on a radiator, nor nearby a heat source.
