DGR

NAV

3D mesh

Three-dimensional produced distance mesh to provide increased moisture and temperature management.

Tiger Grip Technology

Outsoles with Tiger Grip technology are renowned for their slip resistance, ability to withstand wear and tear and excellent traction on different surfaces, even wet and uneven ones. They are crafted with an exclusive rubber compound and engineered with specific patterns and grooves to enhance grip and stability.

Waterproof (WR)

Waterproof footwear prevents liquids to enter into the shoe.

Removable insole

Renew your insole at a regular base or use your own orthopedic insoles for a higher comfort.

Forefoot energy absorption

Forefoot energy absorption reduces the impact of jumps or running on the body of the wearer.

Environments:

Wet environment, Uneven surfaces, Muddy environment
